

EXCELDirect Co-Linear Masonry Adapter (TM-4MAC33)

Dear Customer,

Introducing the EXCELDirect Co-Linear Masonry Adapter (TM-4MAC33)

The **MAC** is the first Co-linear Masonry Adapter that is specifically for freestanding gas stove installations. Designed to fit 4x7 EXCELDirect, the built-in trim of the **MAC** is painted with Stove Bright Flat Black paint.

Depending on the size of the existing thimble, some small masonry removal may be required, but the **MAC** has been built to the absolute minimum dimensions possible.

- Part number: **TM-4MAC33**
- Volume: **0.931 cubes**
- Weight: **4.5 lbs**

Please contact your ICC Chimney distributor for pricing and availability.
